

# BRAINERD DAILY DISPATCH.

VOLUME 6, NO. 194

BRAINERD, MINN., FRIDAY, JANUARY 18, 1907.

PRICE TWO CENTS

## THOUSANDS PERISHED

DISASTER AT KINGSTON FULLY AS GREAT AS THE SAN FRANCISCO CALAMITY.

## HUNDREDS OF BODIES FOUND

MANY AMERICANS WHO WERE IN THE CITY WERE KILLED AND HAVE BEEN BURIED.

## NOW FACES ANOTHER PERIL

FEARS ENTERTAINED THAT THE SEA MAY ENGULF REMAINS OF RUINED CITY.

Kingston, Jamaica, Jan. 18.—The disaster here is as great as the calamities of San Francisco and Valparaiso. Thousands of persons have been killed and the dead bodies are being taken from the debris by hundreds. The whole town is in ruins, and the greater portion is still smouldering ashes. The smell of burnt flesh pervades the air.

The cable line from Kingston is broken and the correspondent had to go to Holland Bay, forty miles to the east, to file this message.

The earthquake came as a sudden oscillation, not from any particular direction, but up and down.

Thousands of persons were on the streets of Kingston at the time and great numbers of them were crushed. Many Americans in Kingston were killed and have been buried.

Realizing the possibility of famine, the people made attempts to loot. The military, however, at once took posse-

sion of the foodstuffs. Detachments of troops, with fixed bayonets, were placed on guard. They were concentrated in a central position. No one is allowed to pass through the ruined sections of the city.

Kingston is threatened with a failure of the water supply owing to the bursting of a reservoir, and no water will be obtainable for some hours.

The military suffered severely. The hospital camp, where there were several hundred soldiers, was burned and a number of the men lost their lives. Major W. H. Hardyman and Lieutenant Leader are dead. Colonel J. R. M. Dalrymple Hay and Major Yawrenson are seriously injured.

Part of the town of Port Royal has sunk, and two men were drowned. The batteries sunk eight feet, killing a sapper. In several places the water is spouting through the debris.

Port Antonio, on the north of the island, suffered little damage. The Hotel Titchfield, with 100 American guests, was not destroyed.

A tidal wave has inundated Anotta Bay, washing away many houses.

Town of Richmond Destroyed.

The shock was severe at Richmond, and this town also was destroyed by fire.

Spanishtown also was damaged. One man was killed and ten men were injured there.

It is reported that at Anotta Bay the crater of an extinct volcano is emitting flames and smoke and it is thought that the earthquake originated there. The records of Jamaica contain no previous mention of activity of this volcano. Appeals have been sent to all sections of the island asking for assistance. Foodstuffs are needed above all things.

The steamer Bella from Philadelphia has arrived here with a small cargo of provisions.

Business is at a standstill. Some shops have been opened by Chinamen, who have raised the prices on goods 1,000 per cent. This so angered the people that the Chinamen were driven out and their shops looted.

The hope of famine relief lies in the banana crops, which have not been injured.

Medical assistance is limited, owing to the deaths of several doctors.

The body of Sir James Ferguson has been found and buried.

Committees have been formed and the governor and Lady Swettenham

and others are doing noble rescue work.

The shipping in the harbor is safe. There have been a number of other shocks since the first disastrous one, and the repetitions keep the people in state of panic.

The Hamburg-American steamer Prinzessin Victoria Luise, which ran ashore at the harbor entrance Dec. 16, is now a total loss.

The topography of the country has been changed and the navigation into the harbor materially altered.

Two vessels have left here for the United States loaded to their full capacity with returning tourists and fleeing natives.

The wounded persons are being cared for on all the ships in the harbor.

### BROUGHT HOME TO BRITONS.

Terrible Nature of Calamity at Kingston Realized.

London, Jan. 18.—The calm, official recital of the actual conditions at Kingston sent in by Sir Alexander Swettenham, the governor of the island, realizes the worst fears of the earlier dispatches and brings home to the British public in a manner the press messages failed to do the terrible nature of the calamity. His description of the patient listlessness of the population paints in a way no lurid pen picture could do the effect that the earthquake and fire left in their track.

It is now known that the death list from the Kingston earthquake certainly will exceed 500 persons and may even reach 1,000, and that large numbers have been incapacitated by their injuries. The city is in a heap of ruins.

With characteristic promptness, the royal family hastened to set the country an example of generous assistance to the afflicted city. The king and queen have each contributed \$5,000 to the lord mayor's fund. The Prince and Princess of Wales have contributed \$2,500 each and the big companies interested in the West Indies are following suit. Should the report of the subsidence of the Kingston harbor be confirmed a new peril will be added and further dispatches on this subject are awaited with the greatest anxiety.

Only Add to the Horror.

According to the latest information

received the Kingston horror is growing. Communication with the island is partially restored and every message that comes through brings fresh details of the appalling catastrophe.

The number of dead is placed variously at from 500 to 1,200 and the number of injured runs into the thousands. Ten thousand people are said to be homeless. The danger of famine has increased and with it stalks the spectre of pestilence. There is urgent need of supplies of all kinds and energetic efforts are being made in this country and in England to send aid.

The business section of the city has been wiped out and the estimates of the damage range from \$10,000,000 to \$25,000,000. Among the dead and injured are a number of prominent English persons and almost every dispatch adds a new name to the list. Eight Americans are reported as missing and it is said that many tourists undoubtedly were crushed by falling walls in the shopping district.

The American battleships Missouri and Indiana have reached the scene and American officers and sailors are standing by to render every assistance in their power.

A new horror is added to the situation by reports that the city seems to be slowly sinking into the sea. The contours of the bottom of the harbor has materially changed and two lighthouses at the harbor entrance are said to have disappeared.

The ships in the harbor are crowded with injured people and the death list is being increased daily. Corpses lie in the streets or are being thrown into trenches.

The fearsome extent of the appalling calamity that has visited the capital of Jamaica has not yet been recorded to the outside world and it is doubtful even if the people of Kingston themselves are yet aware of the full extent of the disaster that overwhelmed them last Monday afternoon.

### MAY SLIP INTO THE BAY.

Reported That Kingston Is Sinking Gradually.

St. Augustine, Fla., Jan. 18.—Wireless messages received at the station on Anastasia Island by Chief Electrician Elkins say that Kingston is sinking gradually; that many holes and cracks 100 feet deep were formed by the earthquake and that grave fears are felt that the entire city will slip into the bay.

## The Sale of White

The white sale will continue until February 1st. It is imperative that you see the showing we make if you would see a showing of the prettiest line of white goods ever offered in Brainerd.

Do not neglect securing a bargain for there are many of them.

### LOCAL NEWS NOTES.

Geo. Rice went to Fort Ripley today on business.

Franklin W. Merritt, of Minneapolis, was in the city today.

A pastry cook and a dish washer worked at once at the National. 184tf J. A. Long, of Cross Lake, was in the city yesterday afternoon.

Jerry W. Flickwir has been quite sick with grippe, but is improving.

List your houses and lots for sale with Smith Bros., Sleeper Block. 16016

Chas. A. Galvin, of Davenport, Iowa, was in the Ransford last night.

Geo. B. Aiton, state high school inspector, was in the city yesterday.

Fire Insurance—"If you get it from Smith Bros., it must be good." 1906

Dr. E. G. Ruddell, of St. Paul, was in the city yesterday on professional business.

R. A. Swain and C. A. Neuman, of Duluth, were in the city today on business.

Supt. E. C. Blanchard, of the Superior division was in the city in his private car No. 7, this afternoon.

Smith Bros., Fire Insurance, prompt adjustment of losses, "We know how." 1906

R. M. Stitt and H. B. Fryberger, of Duluth, were in the city today on business before Judge McClenahan.

LOST—A pair of rimless nose glasses with black silk cord attached. Return to Mrs. J. H. Ryan, 323 So. 5th St.

The Northern Pacific company are filling their ice houses in this city, the product being taken from Detroit lake.

Dr. A. F. Groves went to St. Paul yesterday to attend a meeting of the state medical examining board, of which he is a member.

John Moore, of Royalton, returned home yesterday after having brought up a fine driving team which he sold to Prosper Arnold.

Notice to party carrying away gentleman's black silk white lined collar from court room Thursday p.m. Leave at Dunn's drug store. No questions.

Wm. Murray came down from Smiley today. He reports Mrs. Murray, who has been sick for some time, as somewhat better, but barely able to sit up.

The program committee of the Ladies Musical club has prepared several extra fine numbers for tomorrow. The afternoon will be devoted to Schumann.

Rev. E. K. Copper went to Akeley today. He will hold quarterly services there tonight. He will hold meetings in Hubbard, Park Rapids and Menahga Falls.

Mrs. Frank Daubenberger and Miss Gretchen Daubenberger, of McGregor, Iowa, arrived in the city this afternoon and are visiting at the home of Mrs. N. H. Lagersoll.

The body of Mrs. J. S. Buttolph, of Pequot, who died Wednesday, was brought down on the Minnesota & International today and sent to her former home in Iowa Falls, Iowa for burial.

Dr. Elmer Nicholson, of Minneapolis, was in the city yesterday. He assisted his brother, Dr. Joseph Nicholson, in operating upon Mrs. McDonough, of Fargo and Miss Alice Jones, of Little Falls.

Rev. G. R. Merrill, of Minneapolis, state superintendent of foreign missions for the Congregational church, was in the city today. He was on his way home from Backus, where a congregational church was organized Wednesday evening.

Yesterday was a remarkable day in the history of the office of the register of deeds. There was not a single instrument filed for record. This is something that has not occurred before in at least eight years, according to Mr. Trommald, and probably in a much longer time.

A. A. White, of St. Paul, was in the city yesterday on his way home from a trip up north. A representative of the Dispatch approached him as to the possibility of ball games in the park the coming season and he stated that the only way the use of the park could be secured would be to buy the park outright. Otherwise he expected to tear it down.

Cleon White, son of C. B. White, is making quite a reputation as a billiard player. He now has the record for the longest run made by any local player at the Ransford parlor. In a recent game he made a run of 49. He can hold his own with the best players in the city, it is said, and as one player remarked, if he would stop monkeying with pool would make a phenomenal player.

Peter Haugen, better known here as "Black Pete" was before the probate court today and was examined as to his sanity, found insane and ordered taken to Fergus Falls. He is reported to have a wife and several small children in destitute circumstances, one of the children being only about two months old. The address of the family is given in the directory as 214 Northeast Second avenue.

BRUNS the Eye man will be at the National hotel, Jan. 23 and 24. Examination and consultation free.

### ERNEST DUNLOP ACCIDENTLY SHOT

Brainerd Boy Met Death Yesterday While Hunting Near Tamarac.

### EMPLOYED BY GEO. A. MCKINLEY

Body Will be Brought to Brainerd Tonight—No Funeral Arrangement Yet

Ernest Dunlop, a son of J. E. Dunlop, living on Ash Avenue Northeast, was accidentally shot at one of Geo. A. McKinley's cedar camps about sixteen miles from Tamarac yesterday afternoon about three o'clock. He was out hunting and came around to where

Archie Baker was working and laid his gun or leaned it up against a log. He

made the remark to Baker that he must be going to camp and reached out for his gun. Just at this instant the gun

went off the charge striking him in the abdomen. Death ensued in about three

quarters of an hour. A younger brother

who with his father was working in the same camp with him, came down on No. 11 and gave the facts as outlined above.

He stated that his father would come down tonight on No. 13 with his brother's body. No arrangement for the

funeral have yet been made.

Some people call coughing barking. I see no reason why they should do

either one or the other and they never would if they would only get a bottle of

Skauge's never cough, a medicine which

never fails to break up the worst cold

going. No cure, no pay. Skauge the

# GUILTY OF MURDER IN THE THIRD DEGREE.

Such is the Verdict Rendered in the Towers Case in District Court Today

THE SENTENCE WAS DEFERRED  
Slight Tremor Passed Over Face of Defendant, But He Showed Little Agitation

## THE VERDICT.

State of Minnesota } District Court  
County of Crow Wing } Fifteenth Judicial District  
State of Minnesota, Plaintiff,  
vs.  
Henry Towers, Defendant.

We, the jury in the above entitled action find the defendant guilty of murder in the third degree.

J. J. STEARNS, Foreman.

There was a small number of onlookers present in the district court this Friday morning called there by the hope that the jury in the Towers murder case would be ready to bring in a verdict. Court was called to order by Judge McClenahan and the trial of the State vs. Holmlad was taken up when a rap sounded on the door of the jury room. There was an instant hush at five minutes past nine as the bailiff reported that the jury had agreed on a verdict. Messengers were sent at once for the sheriff to bring in the defendant and the attorneys in the case were summoned. The first to appear was the defendant, who looked slightly paler than on previous days and was somewhat more nervous than heretofore, but he recognized various acquaintances with a nod of his head. While waiting for Judge Fleming, the prisoner's attorney, to appear, the trial of the Holmlad case was proceeded with, and though John Rasmussen, the complaining witness, was undergoing one of Attorney Ryan's searching cross-examinations, there was little interest shown, the constantly increasing crowd being uneasy. It was just a half hour from the time the agreement was announced until the jury filed into the court room and took their seats. Judge McClenahan asked them if they had agreed on a verdict and the reply was in the affirmative, J. J. Stearns stepped forward and handing the verdict to Clerk Johnston, who handed it to Judge McClenahan, who read it and handed it back to Mr. Johnston, who faced the jury and read the verdict aloud, as above.

A slight tremor passed over the frame of the defendant and his face twitched for a moment and he then turned to speak to his attorney, Judge Fleming, who sat beside him. His brother, Alfred Towers, was sitting beside him at the time, but Mrs. Towers was not present in court when the verdict was read.

Judge McClenahan asked the jury if that was their verdict and they replied that it was. He then thanked the jury for the patience with which they had

the defendant was not guilty because of insanity. There was clearly no element of self defense in the case. In discussing the plea of insanity the judge charged the jury that the law presumed every man to be sane and that the burden of proof was upon the defendant to show insanity. It was not necessary, however, to prove this beyond a reasonable doubt, but by a fair preponderance of the evidence. In touching upon the evidence offered showing insanity, the court said that while expert testimony was not binding upon the jury it was entitled to attention. The plea of insanity should always be carefully scrutinized by the jury. He did not instruct the jury as to what constituted a reasonable doubt, saying that he believed it would confuse the jury more than it would enlighten them.

## AN INSIDIOUS DANGER.

One of the worst features of kidney trouble is that it is an insidious disease and before the victim realizes his danger he may have a fatal malady. Take Foley's Kidney Cure at the first sign of trouble as it corrects irregularities and prevents Bright's disease and diabetes. H. P. Dunn & Co. mwfdw

## NOT THIS WEEK

The Repairs on the Electric Light Plant Will not be Completed for Several Days

Superintendent Baker, of the city electric light department, states that there will be no possibility of completing the repairs to the plant so as to furnish light to the entire city for Sunday. There has been an unexpected delay in securing the teeth for filling the pinion that was stripped. All work that can be done before these come has already been completed and there now remains several days work fitting them. When they are in place it will be necessary to shut down the entire plant so as to connect up the wheel to the main shaft.

Mr. Baker expresses himself and the city under especial obligations to Supt. Johnson of the pulp mill, for his assistance in the emergency. Mr. Johnson not only lent the city the use of two of his best millwrights but also gave his own time to assisting in getting the pit and machinery in shape.

No home safe without Dr. Adler's Treatment, the great appendicitis preventative. Better have it handy. Johnson's Pharmacy.

## AMUSEMENTS

### "The Holy City" Tonight

There is about a drama advertised as being "Biblical" that which may cause many to ask whether a sacred story is so interesting as one of current days. The birth of Christianity, the crucifixion of the Saviour and the beheading of John the Baptist, formed an epoch in which occurred the tragedy of the world; from this history Clarence Bennett compiled "The Holy City." No story of modern strife has half the power, no narrative of recent years presents the thrill of that which has lasted throughout all ages. "The Holy City" comes to the opera house Friday Jan. 18th and plan of seats is at Dunn's drug store this morning. Prices 75, 50 and 25c.

That's the house the Doctor built, The biggest house you see; Thank goodness he don't get our money, For we take Hollister's Rocky Mountain Tea.

H. P. Dunn & Co.

## CURE YOUR KIDNEYS

Do Not Endanger Life When a Brainerd Citizen Shows You a Cure.

Why will people continue to suffer the agonies of kidney complaint, backache, urinary disorders, lameness, headaches, languor, why allow themselves to become chronic invalids, when a certain cure is offered them?

Doan's Kidney Pills is the remedy to use, because it gives to the kidneys the help they need to perform their work.

If you have any, even one, of the symptoms of kidney diseases, cure yourself now, before diabetes, dropsy or Bright's disease sets in. Read this Brainerd testimony.

Mrs. Peter Hedwell, formerly of 41 Second Ave., N. E., Brainerd, Minn., says: "The use of Doan's Kidney Pills by Mr. Hedwell proved them to be worthy of all confidence. I am not exaggerating in saying that it only required a few doses to remove a persistent pain in the small of the back over the kidneys, from which he had suffered considerably. Doan's Kidney Pills were procured at H. P. Dunn & Co's drug store, on Front Street. Our experience with this remedy proved that anyone suffering from backache or kidney complaint in any of its various forms would do well to try Doan's Kidney Pills. We endorse them emphatically."

For sale by all druggists. Price 50 cents. Foster Milburn Co., Buffalo, N. Y., sole agents for the U. S.

Remember the name—Doan's—and take no other.

The Dispatch will be delivered at your door for 40 cents per month.

mwfdw

## MILLIONS OF TONS OF ORE

Immense Bodies of Ore on the Cuyuna Range—Goes 900 Feet Down

OLD PROPHECY IS RECALLED

Mississippi River Would be Big Factor in Transportation of Iron Ore

Aitkin Republican: In Prof. N. H. Winchell's "Report on the Iron Ores of Minnesota" published in 1891, the professor, after pointing out the strong probability of finding large quantities of iron ore in Aitkin and Crow Wing counties, suggests the development and use of such deposits by smelting the ore within the state, and for this region he urges the opening of a canal to the head of steamship navigation at St. Paul in the following words on page 211.

"In the event of the development of our iron ore industry further west, say between Duluth and the Mississippi river, whether it be in the conversion of ore or steel by charcoal process or not, there can be no doubt that the Mississippi river itself will become the chief avenue of transportation, and that the coals of Iowa and Illinois will be the objective points. There is no cheaper way of transporting freight like iron ore than by water, and there are no cheaper water ways than rivers and canals. The route on the Mississippi by river to points near the coal fields of Illinois and Iowa would compete successfully with that by lake from Two Harbors to Cleveland. The Mississippi is navigable without improvement between St. Paul and the gulf of Mexico. There are rapids and waterfalls between St. Paul and Aitkin where locks and canals would have to be constructed."

Professor Winchell's prophecy as to iron ore is now being realized and his canal and furnace scheme should next be worked out. The Republican ventures to add that the smelting of ore in this region would be a logical continuation of the past movement of iron furnaces westward and would place Minnesota in a position to supply not only the Mississippi valley, but regions accessible through the gulf of Mexico and the Panama canal as well.

As to the discovering of ore in Aitkin and Crow Wing counties, drilling has greatly added to the many millions of tons found heretofore, and especially as the formation is better understood, ores of the higher grades are more easily found. The depth of some of the deposits tends to make one dizzy. One hole on section 1, town 46, range 29, is reported 900 feet deep, 810 feet of which is in ore and the bottom of which is still in ore. Several other holes are said to be 400 to 700 feet in ore.

The day cannot be far distant when this immense latent resource will cause no small stir and development and here is a great opportunity for long headed Minnesotans to secure to this region its legitimate profits.

It is noticeable that the iron bears are active in the region. It has been persistently reported the Pickands, Mather Co. had abandoned the Jonesville property, explorations in this shaft being unsatisfactory, but careful inquiry develops the fact that they are paying very substantial advance royalties on it.

It has been also reported that the Steel company had withdrawn from the range, but our iron reporter met a man last week who said that that substantial and circumspect corporation had nine drills now in operation in Crow Wing county.

Disturbed the Congregation. The person who disturbed the congregation last Sunday by continually coughing is requested to buy a bottle of Foley's Honey and Tar. H. P. Dunn & Co. mwfdw

## M. K. SWARTZ DRUGGIST.

## Harry Mitchell's EDITORIAL.

Why wear ill-fitting ready-made clothes or why pay your local tailor \$30.00, \$35.00 and \$40.00 for a suit or overcoat, when I can make you better clothes for \$15.00, \$20.00 and \$25.00?

I have the largest tailoring establishment in the world. I carry nothing but the best fabrics. My tailors and cutters are the best money can hire, and by my new system of self-measurement blanks I guarantee you as perfect a fit as if I took your measure in person.

I employ no agents. I deal with every customer direct, and every order receives my personal attention.

Write me today. Tell me about the kind of clothes you are thinking of getting. By return mail I will send you samples and self-measurement blanks, and will make you the best clothes you ever put on your back.

I pay all express charges, so the prices marked on the samples are all you will have to pay for a garment.

Yours truly,

**HARRY MITCHELL,**

# Cincinnati People Excited

The Great Cooper as he is Called Has  
Stirred up That City to a  
Remarkable Degree.

Cincinnati, O., Jan. 17. This city is at present in the midst of an excitement beyond anything that it experienced in recent years.

Old and young, rich and poor, all seem to have become beside themselves over an individual who was a stranger to Cincinnati up to two weeks ago.

The man who has created all this turmoil is L. T. Cooper, President of the Cooper Medicine Co., of Dayton, Ohio, who is at present introducing his preparations in this city for the first time.

Cooper is a man about thirty years of age, and has acquired a fortune within the past two years by the sale of some preparations of which he is the owner.

Reports from eastern cities that preceded the young man here were of the most startling nature, many of the leading dailies going so far as to state that he had nightly cured in public places deafness of years' standing with one of his preparations. The physicians of the East contradicted this statement, claiming the thing to be impossible, but the facts seemed to bear out this statement that Cooper actually did so.

In consequence people flocked to him by thousands and his preparations sold like wildfire.

Many of these stories were regarded as fictitious in Cincinnati and until Cooper actually reached this city little attention was paid to them. Hardly had the young man arrived, however,

when he began giving demonstrations, as he calls them, in public, and daily met people afflicted with deafness and with a single application of one of his preparations actually made people hear again.

In addition to this work Cooper advanced the theory that stomach trouble is the foundation of nine out of ten diseases and claimed to have a preparation that would restore the stomach to working order and thus get rid of such troubles as rheumatism and afflictions of the kidneys and liver, in about two weeks time.

This statement seems to have been borne out by the remarkable results obtained through the use of his preparation, and now all Cincinnati is apparently mad over the young man.

His headquarters resemble a veritable stampede. Thousands of people are visiting him each day, and the druggists are selling his medicines in enormous quantities.

What seems to make Cooper still more popular is the fact that he practices extensive charitable work and has already dispensed a small fortune among the poor of the city.

How long the tremendous interest in Cooper will last is hard to estimate. At present there seems to be no sign of a let-up. Reputable physicians claim it to be a fact that will die out as soon as Cooper leaves.

In justice to him, however, it must be said that he seems to have accomplished a great deal for the sick of this city with his preparations.

## INCREASE OF POWER

PRESIDENT WILL ASK CONGRESS  
TO GRANT IT TO COMMERCE  
COMMISSION.

## TO DEAL WITH EMERGENCIES

CAR SHORTAGE QUESTION RE-  
SPONSIBLE FOR THE ACTION  
TO BE TAKEN.

Washington, Jan. 18.—Congress will be asked by President Roosevelt to give the interstate commerce commission increased powers to enable that body to deal with such emergencies as that now existing with regard to the car shortage question. The commission already has submitted to the president a preliminary report of the investigations made by some of its members in the Northwest into this matter, and it will submit recommendations very soon.

When these are ready the president will prepare a special message to be sent to congress urging necessary legislation. The president made this announcement at a conference at the White House with Messrs. Knapp, Clements, Harlan and Clarke of the interstate commerce commission and four members of the executive committee of the National Reciprocal Demurrage convention recently held at Chicago, who had come to Washington to take up the matter with Mr. Roosevelt and the interstate commerce commission.

### Made His Position Clear.

The president made his position clear and told them of his willingness to help secure remedial legislation along certain lines. His idea as expressed by one of those present was that whatever amendments to the interstate commerce act on this subject may be enacted they should not become operative until July 1, when the railroads would have had ample opportunity to prepare for the change. Chairman Knapp of the interstate commerce commission indicated generally the views of the commission as to what might be advisable in the way of remedial legislation, and this met the hearty approval of the demurrage representatives.

None of the interstate commerce commissioners was willing to be quoted, but unofficially they say the recommendations to the president will include some form of reciprocal demurrage so that the carrier may be penalized for delay in moving as well as the consignee for delay in unloading cars and probably some suggestions for the interchange of cars by railroads to meet extraordinary demands in one section not existing in another.

During their call at the White House one of the demurrage representatives made the statement that because of a dispute between the railroad companies and the consignees 1,500 carloads of coal were held at Minneapolis and several hundred were in a similar condition at Chicago. The president directed the interstate commerce commissioners to investigate that matter.

### MEETING OF ROOT AND GREY.

May Clear Up Differences Between Canada and the United States.

London, Jan. 18.—The Associated Press learns that the exchange of certain definite proposals between the United States and Great Britain for the purpose of clearing up the outstanding differences between the United States and Canada have reached a rather advanced stage, so that well informed circles not only hope, but believe that the approaching meeting between Secretary Root and Earl Grey, governor general of Canada, at Ottawa will result in arranging some if not all of the long pending controversies.

Although the visit is officially described as private, no secret is made in governmental quarters that a real, political outcome is expected as the visit follows exchanges which have been going on between Washington, London and Ottawa, in which Secretary Root first formulated a detailed plan of adjustment, which upon its receipt here, was forwarded to Ottawa, the latter's reply having only recently been received.

The city authorities have begun to care for the persons who have been made homeless or are otherwise suffering. Mayor Dempsey inspected all flooded sections of the city and the mayor will at once draw on the \$10,000 emergency fund for the relief of sufferers.

All school buildings and churches in the East End have been opened as temporary homes for the persons whose homes have been invaded by the water.

### ADMIRAL SIGSDEE RETIRED.

Former Commander of the Maine Leaves the Navy.

Washington, Jan. 17.—Rear Admiral Sigsbee, who commanded the battleship Maine when that vessel was blown up in the harbor of Havana in February, 1898, has been transferred to the retired list on account of age.

His advancement three numbers for extraordinary heroism during the war with Spain made him an extra number in the list of rear admirals and his retirement therefore does not make any vacancy.

### LUMBERMEN ELECT OFFICERS.

Iowa Man Again Chosen President of Northwestern Association.

Minneapolis, Jan. 18.—Ralph H. Burnside of Oskaloosa, Ia., was re-elected by a unanimous vote to the presidency of the Northwestern Lumbermen's association. M. T. McManon, Fergus Falls, Minn., was elected vice president; Charles A. Finkbine of Des Moines, Ia., director to serve one year; James S. Hart of Aberdeen, S. D., director to serve three years, and Stanley D. Moore of Waterloo, Ia., to serve as a director for three years, after which the convention adjourned sine die, to meet probably next year in Minneapolis.

### Cotton Growers Meet.

Birmingham, Ala., Jan. 18.—"Throw off the Wall street yoke" seemed to be the predominant sentiment among the speakers at the third annual convention of the Southern Cotton Growers' association which assembled here. Even utterances in the extreme were cheered.

## FOR CRUSHING ROCK

SENATE BILL AUTHORIZES THE  
BOARD OF CONTROL TO CON-  
STRUCT A PLANT.

WOULD FURNISH STONE FREE TO  
COUNTIES FOR BUILDING  
PUBLIC ROADS.

St. Paul, Jan. 18.—A bill authorizing the state board of control to construct and operate one or more plants for crushing stone for use in building public roads to be furnished to the counties free of cost was introduced by Senator J. T. Elwell of Minneapolis. A somewhat similar bill authorizing the board of control to construct and maintain such a plant at the St. Cloud reformatory was introduced by Senator C. J. Swanson of Fridley.

Senator Elwell's bill, which has the approval of the state highway commission, authorizes the board to acquire land by lease or purchase upon which to construct one or more plants for crushing rock for road purposes and to employ in the operation of the plants such portion as they may deem best of the labor of the inmates of the Stillwater state prison or the St. Cloud reformatory, and for that purpose may inclose the plant or plants with stockades and provide lodging and sustenance for the laborers.

The product of the plants shall be delivered free on board cars at the works to such boards of county commissioners as shall apply for it to be used on permanent roads on plans previously approved by the state highway commission. Any surplus may be sold to the cities and villages of the state. The bill carries an appropriation of \$25,000 for 1907 and 1908.

Senator Swanson's bill directs the board to construct a stone crushing plant at the St. Cloud reformatory, using the labor of the inmates so far as practicable. The bill also provides that the material shall be furnished the counties free on board cars at the plant and carries an appropriation of \$25,000, or as much thereof as may be necessary, for the purchase of the land and \$50,000 for the construction and maintenance of the plant.

### Initiative and Referendum Law.

A bill proposing a constitutional amendment permitting the passage of an initiative and referendum law was introduced by Senator Patrick Fitzpatrick of Winona. The bill is in the form of an amendment to Section 1, Article 4 of the state constitution, which relates to the legislative branch of the state government.

The amendment provides that the legislative authority of the state shall be vested in the legislature, except that the people expressly reserve to themselves the power to propose by petition laws and constitutional amendments, and to enact or reject the same at the polls independently of the legislature, and reserve the power at their own option to approve or reject at the polls any act of the legislature or any part of an act; but the rejection of any part of an act shall not prevent the remainder from becoming a law.

The first power reserved is the initiative, and not more than 5 per cent of the legal voters of the state shall be required to propose such a petition, which shall include the full text of the measure proposed. Initiative petitions shall be filed with the secretary of state not less than four months before the election at which they are to be voted upon.

Senator S. A. Nelson of Lanesboro introduced a bill requiring wholesale and retail dealers in oleomargarine, butterine or other imitations of butter to take out state licenses. While a member of the house four years ago Senator Nelson introduced a similar bill, which was defeated in the senate.

The senate adopted the house amendment to Senator J. C. Hardy's bill authorizing the judges of the district court to provide jurors to fill a deficiency at any time they deem it necessary. The original bill was applicable to Ramsey and Hennepin counties only and the house amendment made it applicable to St. Louis county by changing the population requirements from 200,000 to 100,000. The bill as amended was passed by the senate.

### Killing the Old-Time Campaign.

The doing away with every element of the old-time political campaign except the stump speech will be accomplished if two bills before the house are passed and become effective. A bill introduced by J. D. Davidson of Waseca seeks to prohibit the giving of money, drinks or cigars, and a bill presented Tuesday by F. B. Phillips of St. Paul prohibits the use of other campaign material, such as cards, circulars and other printed matter.

A change in the rules for surveying logs sold on state lands is the object of a bill introduced in the house by J. A. Dalzell of Horton. At present logs are surveyed under the so-called Scriber's rule, a rule formulated sixty years ago. Mr. Dalzell believes that this rule gives the measurement of the logs at only about two-thirds of the actual amount of lumber they contain, and he proposes to remedy this by amending the code and adding that in all surveys and scales hereafter made the number of feet shown by Scriber's rule shall be increased by 40 per cent, and in all cases of purchase from the state no settlement shall be accepted that does not include penalty for the additional 40 per cent.

Dr. A. W. Chase's Nerve Pills stop the wasting process by which the nerve cells are being destroyed, and by forming new, rich blood and creating new nerve force positively and permanently restore the nervous system.

Dr. A. W. Chase's Nerve Pills, 50 cents a box, at all dealers, or Dr. A. W. Chase Medicine Co., Buffalo, N. Y. The portrait and signature of Dr. A. W. Chase, the famous receipt book author, are on every box.

## Women Who Wear Well.

It is astonishing how great a change a few years of married life often make in the appearance and disposition of many women. The freshness, the charm, the brilliance vanish like the bloom from a flower which is rudely handled. The matron is only a dim shadow, a faint echo of the charming maiden. Few young women appreciate the shock of the system through the change which comes with marriage and motherhood. Many neglect to deal with the unpleasant pelvic drains and weaknesses which too often come with marriage and motherhood, not understanding that this secret drain is robbing the cheek of its freshness and the form of its fairness.

As surely as the general health suffers when there is derangement of the health of the delicate womanly organs, so surely when these organs are established in health the face and form at once witness to the fact in renewed comeliness. More than a million women have found health and happiness in the use of Dr. Pierce's Favorite Prescription. It makes weak women strong and sick women well. Ingredients on label—contains no alcohol or harmful habit-forming drugs. It is made wholly of those native, American, medicinal roots most highly recommended by leading medical authorities of all the several schools of practice for the cure of woman's peculiar ailments.

Do not expect too much from the use of Dr. Pierce's Golden Medical Discovery. It will not perform miracles. It is the "Discovery" so good for a sudden attack of acute cough, but for the lingering, obstinate, hang-on-coughs, accompanying catarrhal, throat, laryngeal and bronchial affections, it is a most efficacious remedy. It can do no harm in any condition of the system. It is a most potent invigorating tonic and strengthening nervine, nicely adapted to woman's delicate system by the physician of large experience in the treatment of woman's peculiar ailments.

**Bad Symptoms.** The woman who has periodical headaches, backache, sees imaginary dark spots or specks floating or dancing before her eyes, has gnawing distress or heavy full feeling in stomach, faint spells, dragging-down feeling in lower abdominal or pelvic region, easily startled or excited, irregular or painful periods, with or without pelvic catarrh, is suffering from weaknesses and derangements that should have early attention. Not all of above symptoms are likely to be present in any case at one time.

Neglected or badly treated and such cases often run into maladies which demand the surgeon's knife if they do not result fatally.

No medicine extant has such a long and numerous record of cures in such cases as Dr. Pierce's Favorite Prescription.

No medicine has such a strong professional endorsement of each of its several ingredients—worth more than any number of ordinary non-professional testimonials. The very best ingredients known to medical science for the cure of woman's peculiar ailments enter into its composition. No alcohol,

### PASSES EMERGENCY MEASURE.

House Takes Steps to Relieve Distress in Jamaica.

Washington, Jan. 18.—The house resumed consideration of the District of Columbia appropriation bill under the five-minute rule. During the day an emergency bill was passed for the relief of the sufferers from the earthquake in Jamaica, clothing the president with power to send the supply ship "Celtic," loaded with supplies, to the relief of the stricken inhabitants of the island.

### How to Avoid Appendicitis.

Most victims of appendicitis are those who are habitually constipated. Orino Laxative Fruit Syrup cures chronic constipation by stimulating the liver and bowels and restores the natural action of the bowels. Orino Laxative Fruit Syrup does not nauseate or gripe and is mild and pleasant to take. Refuse substitutes. H. P. Dunn & Co.

### STATE OF MINNESOTA.

County of Crow Wing.

District Court, Fifteenth Judicial District.

Mike Staub, Plaintiff.

Marx E. Staub, Defendant.

The State of Minnesota to the above named defendant:

You are hereby summoned and required to answer the complaint of the plaintiff in the above entitled action, which complaint has been filed in the office of the Clerk of the said Court and copies of the same have been served upon you at his office in the City of Brainerd in said county and state within thirty days after the service of this summons upon you, exclusive of the day of service of this summons, and if you fail so to do the plaintiff will apply to the Court for the relief in said complaint prayed.
